

Who we are and what we do

Broward ESE Advisory Council is a parent-led volunteer body that provides advice, feedback and recommendations to the Superintendent and School Board about exceptional student education.

It is established under School Board policy to assist in developing, identifying and assessing educational needs, systemic issues and priorities relating to students with exceptionalities, from pre-K to post-secondary levels.

Our monthly meetings also provide information and support to parents/caregivers of students with disabilities, along with staff and community members. All meetings are public and open to everyone. Guest speakers and district leadership attend meetings to answer questions, address systemic concerns, and share news relating to ESE.

We encourage parent and community involvement in our school system and our membership consists of YOU! Please join us in voicing for our exceptional students.
